BABEL: General information

“BABEL” is a Town Twinning Project that aims to increase the attitude to discover and foster European Citizenship and to improve conditions for Civil and Democratic participation in EU.

Why this title? Babel is a biblical narrative according to once upon a time all people on the world spoke one language. The greed of people unleashed the wrath of God who scattered them all and confused them in multiple languages. With the high immigration and with European border enlargement policies, the “Babel effect” is very clear. The initiative aims to bring citizens together through the main forms of languages (words, art, folklore and symbols) to facilitate the exchange and encourage activism; to recognize, behind the multitude of languages, the uniqueness of human nature. All in order to return "metaphorically" to the period before Babel, when all the people spoke only one language.

Some more information 1....

- The initiative “BABEL”, will take place in Ruviano (a rural village located in the south of Italy) and involves 120 participants from four countries (Italy, Slovenia, Romania and Latvia) that will discuss the main forms of language, to feel part of a single European citizenship. The main activities will be: ice-breaking; team building and team working; workshops; seminars; debates; visits and follow up.

People from all Europe...

Location

- We are in the heart of "Terra felix". Terra Felix, how latins called, means very good quality of wine, olive oil, pasta, pizza, meat, vegetable..

Reggia di Caserta

Much to see in Campania region

If you are known
as a lover of
good food and
good wine.. You
are in the right
place!!

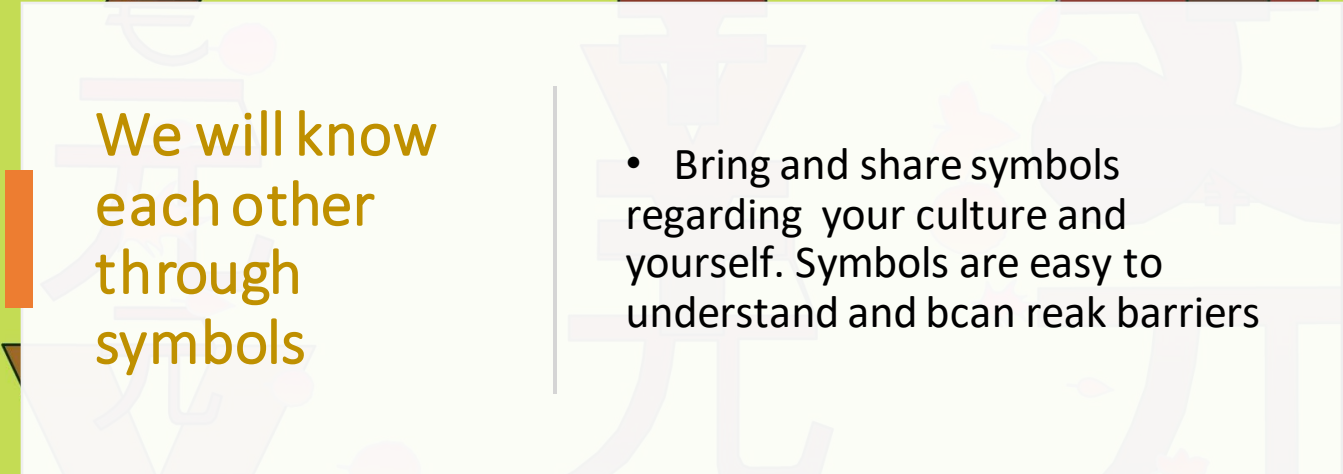

We will know each other through the folklore

- So with your group prepare whatever you can provide about your country, region or city. It can be: dance, songs, instruments, fairy tales, etc... Something authentic!

We will know each other through symbols

- Bring and share symbols regarding your culture and yourself. Symbols are easy to understand and can break barriers
